

sions? "It's really quite beautiful, I like it a lot." The Issey Miyake store is a real draw-card — she's on her way there now. She describes Plaza Senayan as being very similar to shopping malls in the United States and Europe.

Sue agrees. She's attracted to the Centre because of its cosmopolitan appeal and large open spaces. She loves shopping at Osh Kosh, Guess Kids and Hush Puppies.

Simply Sensational

Sisters Cathy (above right) and Lena (left) come to Plaza Senayan at least twice a week because it's close to where they live. Proximity is not the only reason; they also love the open, fresh atmosphere. "There is everything here!" Cathy, 27, says. This includes her favourite hairdresser,

Peter F Saerang Salon, where she's been this morning. Cathy and Lena, 19, are all smiles after some successful shopping. Cathy's just bought a t-shirt and trousers from Elle Paris and Lena's wearing a t-shirt she recently bought from Roccobarocco. MCM and Esprit are Cathy's other favourites and along with Osh Kosh and Miki House — she has a young daughter to dress as stylishly as herself. A little refreshment? Royal Copenhagen Ice Cream Parlour, without a doubt.

Six of a Kind

It would be hard to find six more cheerful girls. Alva, 17, Uni, 16, Nur, 16, Ika, 16, Ana, 17 and Eka, 18, (not pictured) have not only finished their exams and are on holidays, but they're doing what they love to do best: hanging out at Plaza Senayan and watching the world (particularly of the male persuasion) go by. Ask them what they're doing here and they'll say: "The boys, the crowds, the atmosphere, the boys, Wendy's for spaghetti, McDonalds for fried chicken, D'Crepes for banana splits and Metro for clothes. Oh, and did we mention the boys?" Yes, girls, you did! Besides chit-chat, some shopping gets done. What are the girls' favourite stores? Esprit, Union Bay and Guess? USA.

Hair today, here tomorrow

Perhaps one of the reasons Ratna is stunning enough to stop a crowd is because she's just walked out of Lu'Vaze where she's been attended to by one of our favourite hair and make-up artists — the one and only, Sanny! Ratna, 34, says she comes to Plaza Senayan often because it's

exciting, large and bright. She also loves the upstairs food court. Steak is her favourite meal and there's several outlets to satisfy that craving including: Beef Bowl; Donner Kebab; Fiesta Steak and Safari Steak & Seafood to name a few. We caught up with Ratna on her way to Louis Vuitton — to buy a new bag, perhaps? Already she can boast a couple of pieces purchased from the Plaza, like her stunning Versace jacket and watch.

Like Mother, Like Daughter

When we stopped this glamorous mother-and-daughter duo to ask them how often they come to Plaza Senayan, they laughed and said in unison: "Quite often!" This pair is not just a couple of pretty faces; Maria (above left) is an entrepreneur and Claudia, 25, (right) is studying medicine in New York. While Claudia is in Jakarta on summer holidays, they frequently come shopping together and know exactly where to go for what: Adamas Jewellers for jewellery; all the boutiques for dresses, but particularly Armani for Claudia and Studio Ferre for her mother. Prada's the place for bags, according to Maria, who's carrying her latest Prada purchase today and says Sanny from Lu'Vaze is her favourite hair stylist. Claudia, who is used to the huge North American malls, says she really loves the design and the sense of space in Plaza Senayan. They are off to Metro now.

BEAUTIFUL PEOPLE

PLAZA SENAYAN IS A MAGNET FOR THE HEALTH AND BEAUTY CONSCIOUS AND ALMOST EVERY CONCEIVABLE TREATMENT AND INDULGENCE CAN BE FOUND HERE. HERE'S A GUIDE TO WHAT'S IN STORE.

T rue beauty begins well beneath the surface. A healthy, fit and functioning body is the key to lighting the inner glow and the serene sparkle the truly beautiful emanate.

Nature's Farm, on the second floor, specialises in natural and alternative therapies. Here you will find a vast range of dietary supplements: herbal and slimming teas; royal jelly in every possible form (including shampoo and conditioner); ginseng products (such as Kal Ginsa Max which fights stress, improves resis-

tance to illness, detoxifies and boosts energy and mental performance); plus an extensive range of Blackmores vitamins. If you're curious or unsure about any products you haven't tried before, the shop has literature on most products.

And, since good oral health is essential to overall beauty, the dental surgeon on the first floor has laser bleaching techniques for the whitening of teeth.

Near by, at **Century Health Care**, your health is paramount. You can not only fill your medical prescriptions, but have a free doctor's consultation on Mondays and Fridays from 4 pm to 7 pm.

Back to natural therapies, **L & L Aroma Vera** is Plaza Senayan's specialist in aro-

matherapy, which is increasingly being used as an alternative to conventional medicine in the

West. The products, which include bath gels, hair and skin care products, body oils, soaps and candles, use only essential oils of the highest quality, because the soothing and calming benefits have proven to be faster and more efficient. Although Aroma Vera (located on the third floor) is an interna-

tional franchise, this outlet is the sole distributor in Indonesia.

FACE UP TO IT

Then there's your skin to think about: a beautiful, healthy glow is dependent on the condition of the skin. No amount of make-up can replace regular, thorough facials. **The RoC Center**, on the second floor, is a French franchise which uses its own brand of hypo-allergenic, non-perfumed products. During a 1½ hour facial, your face will be cleansed, scrubbed, steamed, masked in clay and then again in a moisturising mask and you have the choice of one of three eye treatments. At Rp. 45,000,-, your face will be thankful for the investment.

The RoC Center is open every day from 10 am, and twice a week (Monday and Thursday) you can have a free consultation with a dermatologist, but make an appointment first on (021) 572 5234, or drop in and make a booking. The entire RoC skin care range is available for purchase at the Center, from eye make-up removers and gentle exfoliating creams, to soaps, masks and eye gels. The staff are highly trained and will give advice on which products are suited to your skin type.

For all those beauty extras, such as natural fibre make-up brushes, smudgers, buffer mits, hand mirrors, hair and nail brushes, face washers and so on, **The Body Shop**, also on the second floor, is a one-stop shop. Of course, there is also The Body Shop's range of fabulously fragranced products for every aspect of your grooming and beauty regime.

Just across the way, **Crabtree & Evelyn** also has an inspired range of grooming and beauty tools. With that famous Crabtree & Evelyn subtlety, all products have a refined English appeal. There are bath and shower gels, and bedroom, bathroom and body fragrances, all in perfectly pretty packaging to complement any room, or inspire any beauty routine. And the ceramic soap and shaving dishes, bath salts, soaps, candles and fragrances all make fantastic presents — especially for yourself!

Speaking of spoiling yourself and your loved ones, **B & R** has designer fragrances and cosmetics for the whole family. For the little ones there's Lion King eau de toilettes, for the man of the house, Ralph Lauren Polo Sport, and the full range of Chanel, Clarins and Christian Dior products for women who love to be indulged.

The perfume range reads like a who's who in haute couture, most of whom also have boutiques in Plaza Senayan — Versace, Roccobarocco, Issey Miyake and Armani to name but a few.

C & F is a perfumery specifically dedicated to your favourite fashion designer's fragrances. If it's a gift for the man in your life, you can choose from Cerruti 1881, Bulgari pour Homme et le Femme, Calvin Klein, Laura by Biagotti, Galénic and Hugo Boss.

AHEAD ON HAIR

Still on the second floor, the heart of health and beauty outlets in Plaza Senayan, **Rudy Hadisuwarno** hair salon

is renowned amongst male trendsetters as the place to have a cut. Don't be misled, the salon is also great at cutting women's hair.

On the first floor, **Johnny Andrean Salon**, **Lu'Vaze Salon** and **Peter F. Saerang Salon** cater to the stylish woman's hair needs. Each has a different atmosphere and

METRO has an impressive range of beauty products.

appeal, so shop around for the stylist and salon that suits you best. Also available in all three salons are hair treatments, make-ups, manicures and pedicures.

Sanny and Susie from Lu'Vaze are as well known for their work with models for fashion shows and shoots, as they are for their inspirational creations for customers of all ages.

Guerlain and **Shu Uemura** on the first floor are the centres of colour in Plaza Senayan. If you need some new make-up, both stores have trained beauty stylists to guide you through their ranges. You may know which colours suit you best, but if a fabulous new look appeals, why not time your purchase to fall on the same day as an important social function because, with substantial purchases, you are entitled to a complementary make-over and make-up lesson!

It may take a whole day, or even longer, to explore the entire range of health and beauty products and treatments available at the Centre, but you will leave looking, smelling and feeling wonderful! ♦

RETINOL ACTIF PUR ACTS ON THE CAUSES OF WRINKLES
TO GIVE A VISIBLE REDUCTION IN 12 WEEKS

Wrinkles appear when cells can no longer renew themselves quickly enough. To reduce wrinkles, cells need re-energising. RoC, with the unique backing of pharmaceutical research, has stabilised a pure and active form of Vitamin A, which is able to re-activate cells deep-down, and introduced it into Rétinol Actif Pur. Stored at the very heart of skin's cells, it is released whenever needed. So cells are permanently re-activated and wrinkles are pushed out from the inside.

In 12 weeks, they really are reduced. It shows. And it lasts.

Ask your pharmacist for advice.

Shu Uemura's Lip Concept

Shu Uemura presents over 100 lipstick colors in a choice of five textures. Gloss offers a strong sense of luster. When used with any other lipstick, the results are subtle nuances of light. Sheer is marvelously translucent to enhance the natural color of the lips. Neutral offers a touch of sheen and a satisfying feel making it ideal for most applications. Only an artist such as Shu Uemura could create such a wide color range for this texture. Mat is opaque, generating a most distinctive look. Powder offers a smooth pearl-like luster and clearly defined color. ... Shu Uemura's lip concept.

HAND - MADE, BY DESIGN

What to many is extravagance, is to us sheer necessity: namely our insistence on making products by hand, wherever hands provide a superior finish. It may not al-

ways be the most cost-effective method. But it is an essential aspect of Van Laack refinement - from jackets and trousers through to suits, shirts and, last but certainly not least, pyjamas.
